

MARLOWE

FIRE & SECURITY GROUP

Innovation Suite

Welcome to the Marlowe Fire & Security Group Innovation Suite, showcasing the latest Fire Life Safety & Security technologies.

During your visit to the Innovation Suite we can help you understand the vast array of technology enabled solutions now available to help reduce loss, protect people and property, and improve business efficiency across all industry sectors including:

- Healthcare
- Utilities
- Manufacturing
- Retail
- Leisure & Hospitality
- Education
- Transport & Logistics
- Government

Our expert team will be on hand to support you and explore options from our extensive and ever growing product portfolio.

The Suite is packed with the latest technology including

- Unified Security Solutions
- Advanced Asset Monitoring
- Video & Surveillance Solutions
- Body Worn Cameras
- Access Control Solutions
- Lone Worker Solutions
- Redeployable CCTV

With the latest equipment from our technology partners installed, you can see, feel and experience our solution enabling capabilities first hand.
